

Project Communication Plan

Project: FitBuddy – AI Fitness Plan Generator Using Gemini

Purpose: Project-track submission material adapted to the supplied AI/ML/Gen-AI template.

Audience

Project evaluators, mentors, and demonstration participants.

Key message

FitBuddy demonstrates an end-to-end generative-AI workflow for creating and revising a personal weekly workout plan.

Demo communication

Explain the problem, show the user input form, generate a sample plan, demonstrate revision/nutrition features if available, then summarize architecture and limitations.

Responsible-use message

The app offers general AI-generated information, not medical diagnosis or individualized clinical advice.
