

Demonstration of Proposed Features

Project: FitBuddy – AI Fitness Plan Generator Using Gemini

Purpose: Project-track submission material adapted to the supplied AI/ML/Gen-AI template.

Demo sequence

- Introduce the user problem and FitBuddy objective.
- Show the main interface and enter fictional sample details.
- Submit a plan-generation request.
- Explain the returned weekly plan and the role of Gemini.
- Submit feedback to demonstrate plan revision, if configured.
- Show nutrition tips and stored data/admin view where implemented.
- Summarize limitations, privacy considerations, and future improvements.

Demo readiness

Use a valid API key, verify database setup, test the full flow in advance, and prepare a fallback screenshot in case the external AI service is unavailable.
