Project: FitBuddy – AI Fitness Plan Generator Using Gemini

Purpose: Project-track submission material adapted to the supplied AI/ML/Gen-AI template.

User says

"I want a simple weekly plan that matches my goal and current workout intensity."

User thinks

"I need clear steps and a plan I can understand and adjust."

User does

Enters profile details, reviews the generated schedule, and gives feedback if the plan does not fit.

User feels

May feel overwhelmed by generic fitness information and value a clear starting point.

Design implications

Use a straightforward form, readable weekly structure, feedback-based revision, transparent AI limitations, and reminders to consult qualified professionals for medical concerns.
