Team Members	D.Kalaiarasi, J.Devipriya, E.Dhanalakshmi, S.Gopika, N.Sharuli	Technology Focus	FastAPI, Google Gemini, SQLite

Empathy Map

Primary persona: a beginner or busy fitness user who wants a practical, personalized workout plan but may struggle with consistency, planning, exercise selection and adapting routines.

PERSONA NAME	ROLE / USER TYPE	PRIMARY NEED
Priya (representative persona)	Beginner / busy fitness user	A simple, personalized and adjustable weekly fitness plan with practical nutrition guidance.

SAYS	THINKS
• I want a workout plan that fits my goal. • I don't know which exercises to choose. • I need something simple enough to follow. • My routine may change based on my feedback.	• Is this plan suitable for my current level? • Can I stay consistent with it? • What should I eat to support my goal? • Can the plan adapt if something is too difficult?
DOES	FEELS

• Enters age, weight, goal and intensity. • Generates a weekly workout plan. • Reads nutrition tips. • Submits feedback to update the plan. • Reviews the generated result.	• Overwhelmed by generic fitness advice. • Motivated when the plan feels personal. • Uncertain about exercise and nutrition choices. • More confident when the plan can adapt to feedback.
---	--

Key Empathy Insight: The user needs more than a one-time workout list. They need guidance that is understandable, personalized to their goal and intensity, and responsive to feedback. This insight informed FitBuddy's Gemini-generated plans, nutrition tips, and feedback-based plan update feature.
